I feel like Clay would be doing those food review things where he takes a food and has different cultures taste it. (e.g.: IceWings try SandWing Cactus Crackers!) (idk)
And then, he'd start some videos in which he goes on an epic journey to find, and taste, the 'fruit' Cleril... I can just see the number of *facepalm* comments from the other dragonets. Clay is lucky that Peril couldn't touch a computer without burning it, otherwise he'd be in trouble.

Hear yea hear yea, here comes da news

[Announcement]

If you haven't already, take a peek over hereee to follow along with updates: /347660

Also, guess what's coming out in just a few weeks??? Wings of Fire book 12!!!!!! Who's excited?

[Question Corner]

@Ivy what a happy coincidence! Happy early forumversary :D

@Brine I could 100% see this being his type of video. I wonder how many pies he could eat. Probably thousands.

@Cora the sign-up thread is here: /348924

@Gleam Heckin' yeah!

@Grendel I love those types of videos and this idea is really nice! Delicious fruit feasts prepared by RainWings and SilkWings sharing honey with Pyrrhian tribes. Maybe he'd also do videos like "inexpensive version of a food vs medium priced version of a food vs incredibly expensive version of a food". Can't even imagine what Peril would be like making videos xD

@Night Looks like you've already tested, but as long as you're not saying something like "I am currently in ____" you should be fine mentioning real locations like the Empire State Building, airport names, etc. through. Town names probably not but airports and highways should be fine.

[Forum Prompts]

Since you're doing a forum secret santa, what would the characters of Wings of Fire give each other in a secret santa or white elephant? (White elephant is when everyone brings a gift to an event and goes around in a circle picking one randomly to open. Once you open it you can choose to keep it, or swap it for someone else's gift. It gets INTENSE if there's something multiple people want.)

[Recommended Reads]

Two big new posts I'm seeing!

One is the Forum News Commitee - I think having a forumer-run newspaper is an awesome idea. My two cents for forumer of the week is random selection, and I love the idea of interviewing a forumer of the week. I'd shy away from a voting/nomination process for the reasons others have stated. Could also have people submit themselves for consideration and select randomly from the list. Thread here: /348822

Second is the Forum Secret Santa! Really nice, festive idea that if you're interested in you should check out. There are a few threads with details: /348750 Prim's sign up thread: /348924

[Warnings]

Not a warning, just clarifying a rule - age is okay to share, along with first name, grade, state, and gender. The personal information that's *not allowed* is last name, school, birthday, address, email, phone number, and IDs/usernames for other websites

Just make the most absurd clothing items you could come up with.

Here are some things I'd like to see...

Scarves, hats of all sorts, sweatshirts (of course), clothing items from different book series (like a green/redcloak from SA, or Turtle's armband from WoF) sunglasses or just glasses in general, SOCKS, wings (feathered or dragon, or even both), other animal feautures such as tails and ears or horns, swords?????, boots, converses...

That's all I've got for right now
